County Treasurers' fees for collection of State Taxes and moneys to the amount of $2,271.68 were retained from the General Fund and allowed in settlements. Deduct this amount from $553,816.68 makes the amount receipted for by State Treasurer—*i. e.* $551,545.00.

STATEMENT No. XI.

Showing the fees for collecting state taxes and moneys belonging to the State, retained by county treasurers and allowed from General Fund in their settlements with this office for the reason that the appropriation for such service was insufficient and became exhausted.

NAME OF COUNTY.	Amount retained
Cuming	$263.12
Dixon	326.76
Hamilton	320.25
Hitchcock	52 63
Kearney	306.10
Keith	266.15
Knox	25.65

The State prior to February, 1880, charged the counties $4.00 per week per patient, but since that time the charge has been $3.00 per week. It will be observed that some counties pay no attention to their indebtedness to the State and pay little or nothing to the State Treasurer.

STATEMENT No. XVII.

Showing the amounts charged to counties for the support and maintenance of their patients in the Hospital for Insane, as reported by its superintendent, from November 30, 1878, to November 30, 1880, as provided in section 47, chapter 31, General Statutes.

There are no Insurance Companies incorporated under the laws of the State of Nebraska.

Insurance Department, State of Nebraska,
Auditor's Office. Lincoln, Dec. 13, 1880.

JOHN WALLICHS,
Auditor Public Accounts, in charge of Insurance Department.

Section 3, of Art. III, Chap. 73 of General Statutes, directs the Auditor to recommend "such plans as he may deem expedient for "the support of public credit, for lessening the public ex- "penses, for using the public money to the best advantage, for "promoting frugality and economy in public places," etc.

My position is peculiar, having been in office since the 12th of November last, and consequently my experience has not been as varied as that of my predecessor. However, I will endeavor to make a few suggestions, asking your co-operation in recommending the same to the Legislature. The business of this office has increased beyond comprehension the past six years and only two men have been assigned to assist me. Two more can be worked to advantage. The business of registration of bonds by itself is almost employment enough for one man. The insurance business also will keep one man employed. These with other increased duties necessitate the asking of additional help.

MISCELLANEOUS CLAIMS.

Claims have been filed in this office, verified by the presiding judge, for services, expenses, etc., incurred in the prosecution of criminal cases for crimes committed in unorganized counties or territories, or in counties where no term of district court is held, in pursuauce of the provisions of an act approved Feb. 24, 1879, page 62, laws 1879, for which payment is directed to be made from the "general fund of the State." These claims are in proper form and contracted in good faith, with expectation of immediate settlement, bnt as the Legislature made no appropriations the claims could not be adjusted or allowed. They will be presented to the Legislature for their action.

The Legislature in making an appropriation to pay county treasurers' fees for collection of State taxes and moneys ($40,000) made no provision for mileage. Sec. 20, chap. 22, p. 382, General Statutes, provides "for going to the seat of government to settle "with the State Treasurer, and returning therefrom, a traveling "fee of ten cents per mile, to be paid out of the State treasury."

These claims that are filed by county treasurers refer to the settlement made in 1879, and relate to moneys collected prior to the taking effect of the new revenue law (September 1, 1879), and for that reason I would recommend their payment. The revenue law cuts out that portion of the law which refers to county treasurers' mileage, but does not repeal the clause referring to it, as above quoted. However that is a question with the Legislature to determine whether or not mileage shall be paid in the future and for settlements made in 1880.

The law creating the office of stenographic reporter (p. 92, laws 1879) fixes the salary at $1,500 per annum. The Legislature only appropriated $1,000 per annum, and claims are filed for the difference, subject to the action of the Legislature (XVIth session).

All other claims are likewise submitted with recommendation that they be allowed if just.

REVENUE.

The State had a balance in the treasury Nov. 30, 1878, $117,-163.38 *more* than it had at close of business Nov. 30, 1880, showing increased expenditures, etc. One of the causes, and most worthy of mention, is the building of new institutions, *i. e.* capitol wing, reform school, hospital for insane wing, etc. The general fund has suffered from an excess of burden, having only one-third as much on hand Nov. 30, 1880, as it had Nov. 30, 1878, owing to new construction and other causes, one of which is the payment of the expenses of the State university, $50,000, when that institution had a revenue of its own, and which, in my opinion, should have supported itself instead of burdening the general fund. The appropriation law referring to the State university was construed as to be an item referring to the general fund. I would recommend that a transfer be made from said university fund to the general fund of an amount sufficient to pay the amount of the appropriation, *i. e.* $50,000.

I would also recommend that one other fund which has stood on our books for years, having become obsolete, be transferred and wiped out, *i. e.* convict fund, $3.36.

The expense of running the government is about three hundred and fifty thousand dollars per annum. The last assessment roll is about ninety millions of dollars. The last legislature changed the rate of levying the state general fund tax from four mills to two mills, which at a glance is readily seen to be inadequate to pay running expenses, making a revenue of $180,000, a portion of which becomes uncollectible, a sum barely sufficient to pay legislative, executive, and judicial departments, not counting in the expenses necessary for the collection of revenue, etc. I would recommend that the law be so changed as to make the levying of the general fund tax optional with the State Board of Equalization and give them the power to determine the number of mills to be levied, being guided always by the amount to be realized to meet the current demands.

This department thinks it advisable and would recommend the suggestions offered and submitted by Hon. J. B. Weston, in his report to the Governor, Nov. 30, 1878, regarding the collection of revenue. Several letters have been received referring to the inoperative parts of the revenue law. The following is an abstract of one received July 18, 1880: "Our next legislature ought to remodel our present revenue law considerably. That part of it requiring the commissioners to make the levy on the last day of their sitting as a board of equalization exacts an impossibility of county clerks, in this: that where any considerable changes are made by the board the valuation upon which to make a levy cannot be obtained on the afternoon of the last day. The time is too short. I think also the making of an estimate of expenses in January, for the current year, by the county board, is rather an impossible thing, especially in western counties, where lawlessness and accident are liable to entail unforeseen expense. I should like to see also (and this year's experience has suggested it) the office of precinct assessor made appointive instead of being elective as at present. The office is certainly a *very* important one, and competency should be the qualification, which, under our present system, does not always prove to be the case." The above is from an intelligent man, and I copy it as an evidence of the wants of the county clerks in this particular.

County treasurers settle with county commissioners about Oct. 1, and are required to furnish lists of delinquent real estate and personal taxes, which is impossible to do *justly*, as they are not allowed to sell by distress before November 1st. This fact keeps them always one year behind. I would recommend that the date be changed and that treasurers be permitted to settle at a later period, *i. e.* at the expiration of their term of office in January.

HOSPITAL FOR INSANE.

It often arises that a county, after the State renders an account for keeping its insane, disputes the place of residence of one or more of its patients, and declines the payment of the State account. I would recommend that the law be so amended that in the case of a dispute a board be appointed for the purpose of fixing the residence.

Sec. 58, chap. 31, General Statutes, fixes the salary of superintendent of the hospital at twenty-five hundred dollars per annum. Two thousand dollars per annum only is appropriated, leaving an amount due him of $1,000, which is submitted to the legislature for an appropriation.

SCHOOL LAND FUND.

It is recommended by personal experience that a change in the law referring to forwarding school land receipts to the Auditor be made, so as to direct county treasurers to make monthly reports of all school land receipts issued during the month, showing principal, interest, and lease collected, and forward them through the county clerk, attested by him, and accompanied by the duplicate receipts as vouchers, to the Auditor of Public Accounts, so they can be charged against the treasurer, and time and trouble saved in the annual settlements with the State. As the law now is the receipts are sent at the pleasure of the clerk, some are lost or carried away before being countersigned, some never reach the clerk, and no perfect check exists by which the receipts can be deter-

mined. I would recommend that this law be made peremptory. Also that the commissioner of public lands and buildings forward to this office annually a list of all state lands sold or disposed of during the preceding year and which have become taxable, so they can be certified to the counties to be entered on their tax lists the same as is done by the United States land offices in this State.

OFFICE FEES.

The fees of the office of Auditor of Public Acconnts are as follows:

Auditor's Department—	
J. B. Weston, Auditor	$ 9 75
F. W. Liedtke, Auditor	1167 87
J. H. Alford, Deputy	75 00
John Wallichs, Auditor	17 50
Total	$1270 12

Cr. By am't paid State Treasurer,		
J. B. Weston, Auditor	$ 9 75	
F. W. Liedtke, Auditor	1168 00	
J. H. Alford, Deputy	75 00	
John Wallichs, Auditor	17 50	
Total		$1270 25
Balance to Cr. of F. W. Liedtke, Auditor		$ 13

The fees of the office of Auditor of Public Accounts:

Insurance Department—	
F. W. Liedtke, Auditor, 1879	$3248 00
" " 1880	4704 00
J. H. Alford, Deputy	250 00
John Wallichs, Auditor	40 00
Total	$8242 00

Cr. By am't paid State Treasurer,		
F. W. Liedtke, Auditor	$ 276 00	
J. H. Alford, Deputy	250 00	
John Wallichs, Auditor	40 00	
Total		$ 566 00
Balance due by F. W. Liedtke, Auditor		$7676 00

The right to retain the above insurance fees by Auditor Liedtke was litigated in the supreme court and decision rendered against him, except an amount of $4, which makes the amount due $7672.

DELINQUENT STATE TAXES.

It will be noticed that the delinqnencies as appear charged to the several counties are large. My predecessor endeavored to reduce the showing by having counties report all their errors, double assessments, enjoinments, etc., which in a number of instances was done. Prior to 1870, the school fund tax was collected and disbursed by the counties and no report rendered to this office. Consequently counties stand charged when they should have credit, no authority being given by the legislature at any time to credit on the books of this office. I would recommend that some action be taken by which authority will be given to the auditor to ascertain the amounts collected and disbursed and credit to the counties given. Also to direct counties, after the tax list is footed, to certify to this office the amount of the State funds levied, so that a correct start can be had in keeping those accounts with the counties.

PERMANENT SCHOOL FUND.

Section 4 of an act entitled "An act to provide for the foreclosure and collection of the securities held by the permanent school fund of Nebraska," approved February 15, 1877, (p. 208, Laws 1877) provides that "if the Governor, Treasurer, and Auditor of Public Accounts shall deem it for the best interest of the State to take a

conveyance of the land mortgaged to secure any loan of the permanent school fund heretofore made or other land in lieu thereof," etc., etc.

A petition was received by said board signed by James Sweet and Nelson C. Brock asking that their mortgages, amounting to $13,000, be cancelled, they paying a sum not exceeding $6,000 and deeding certain tracts of lands for the balance of the debt. After mature consideration and deliberation the board decided that it was not conducive to the best interests of the State to accept the proposition, and it was therefore rejected.

Also a proposition was received from Hon. John Gillespie, that the State accept the residence situated on block 153, Lincoln, in full payment of the State's claim against him, and that the State release its claim on certain lands. The proposition was carefully considered and the board resolved that it is not conducive to the best interests of the State to accept said proposition.

Also a petition was received from Hon. J. Cadman relating to his indebtedness to the State of $6,000 secured by mortgage on certain lands, making a proposition to convey certain lands in Lancaster and Nuckolls counties in lieu thereof if the State will release said mortgage. The board carefully considered the petition, as well as the mortgage held by the State, and unanimously resolved that it is not conducive to the best interests of the State to accept said proposition.

INSURANCE.

Sec. 37, chap. 33, General Statutes, directs that tabulated statements be prepared of insurance companies organized in this State, showing their condition, etc. Only one company has filed its articles of incorporation and proof of publication, and that is "The Nebraska Mutual Fire Insurance Company." The law has not as yet been further complied with, and no "certificate of authority" has issued from this department authorizing it to do business in this State. All insurance business is conducted by foreign companies with statements filed in this office.

I find no clause in the law by which I am authorized to make an extended report; for the edification of those interested, statements numbered 31 and 32 have been prepared, which will be found preceding. This is a subject that considerable can be said about, but as my time is limited I will defer the matter and communicate my views verbally to those legislators or others who contemplate an alteration or amending of the laws, trusting to their wisdom to do as they think best, and as will enhance the interest of both company and State. I leave the matter to them.

CONCLUSION.

In conclusion very little need be said, being new to the office and not prepared to say much. But I would request that an effort be made to give this department such appropriations as will enable the employment of first-class talent in running its multiplied, various, and difficult duties in a workmanlike manner.

Respectfully Submitted,

JOHN WALLICHS,

Auditor Public Accounts.

ERRATA.

The item on page 32—"State Board of Agriculture, $3,500,"—should read under the head of "Warrants Drawn," $3,500, instead of appearing as it does—"Balances Unexpended, Nov. 30, 1880." It should also appear in the "Recapitulation."
